Dear Friend of TargetCancer Foundation:

On Friday, May 8, 2026 we will return to Boston's historic Fenway Park for *A Night to Strike Out Rare Cancer* with TargetCancer Foundation.

This community event will raise critical funds for our programs supporting rare cancer research, patients and caregivers. The evening will include a short program highlighting our work, an inspiring speaker, food, drinks, and a private viewing deck in centerfield to watch the Red Sox take on the Tampa Bay Rays. We anticipate this event to once again be attended by 400 guests from the Boston business, medical, legal, scientific, and patient communities, and have set a goal to raise \$350,000 for rare cancer research and patient support initiatives.

Since 2009, TargetCancer Foundation has become a recognized leader in the field of rare cancers, providing millions of dollars in research funding, creating educational resources for patients, holding scientific meetings, and developing the TCF-001 TRACK (Target Rare Cancer Knowledge) clinical trial. This innovative precision medicine trial has enrolled more than 260 patients with over 65 different rare cancers from 44 states thus far.

We are counting on a successful *Strike Out* event to help us continue to expand these critical initiatives and hope that you will become an event sponsor. More information about sponsorship opportunities is included on the following pages and we are happy to discuss additional customized benefits which can be designed to meet your specific needs. Our guests come from across New England and represent many diverse professional communities, and we look forward to sharing your company's support of our work with them.

We are truly grateful for your consideration of support for *A Night to Strike Out Rare Cancer* with TargetCancer Foundation and our work on behalf of rare cancer research and patients.

Sincerely,

Kristen Palma
President
